

Prerna Munoth

Dallas, TX | prerna.munoth@gmail.com | +1 (857) 498-9928 | [Portfolio](#) | [LinkedIn](#)

Learning experience designer with 10+ years designing inclusive, accessible digital learning for diverse audiences in the US and India, from ESL classrooms in low-income communities to graduate engineering programs. Leads course design, faculty capacity-building and AI-assisted design tools at a research university, with measurable gains in engagement, completion and efficiency. Speaks English, Hindi, Tamil and Marwari, with professional working proficiency in French and Spanish.

WORK EXPERIENCE

Senior Learning Experience Designer, Lyle School of Engineering, Southern Methodist University, TX Jun '21 – Present

- Lead learning strategy and design for 50+ online and blended graduate, undergraduate and certificate programs in AI, machine learning and engineering, partnering with academic leaders, faculty, technologists and multimedia teams to serve 10,000+ learners and increase learner engagement by 30%.
- Led a team of instructional designers, multimedia specialists and instructional technologists to redesign and implement the course development process, from faculty intake to design documents to Canvas templates, with playbooks, design standards and project tracking; used Qualtrics and Tableau data to keep refining it.
- As Quality Matters Coordinator and Lead Peer Reviewer, built and implemented a course review process used across schools and reviewed 50+ courses.
- Designed and facilitated 200+ instructor-led and virtual sessions that helped 300+ faculty adopt learning technologies and AI tools, contributing to a 25% faster course launch rate.
- Built two AI tools, custom GPTs and a Streamlit app, that turn assignment details and quiz questions into Canvas-ready rubrics and quizzes, cutting build time by almost 90% across 25+ courses. Used by 50 faculty for 200 rubrics and 25 faculty for 100 quizzes; **won first place at the 2026 SMU Technology Showcase**.
- Built an AI-powered app that converts learning assets for ADA compliance, cutting course development time by up to 50%, with structured human review for accuracy and compliance.
- Produced reusable training videos with Synthesia, ElevenLabs and NotebookLM, published through a centralized Digital Learning Hub.

Learning Management System Administrator, ESC Region 20, TX Mar '21 – Jun '21

- Applied UI/UX design principles to redesign the learner experience in the Docebo LMS, increasing training completion rates by 30%.
- Led development of 200+ SCORM-compliant interactive lessons, webinars and video trainings using Articulate Rise and Storyline, Vyond and Camtasia.
- Onboarded 500+ employees and executives to the LMS, creating a scalable, digital-first training model.

Online Learning Fellow, Teaching & Learning Lab, Harvard Graduate School of Education, MA Jul '20 – Mar '21

- Designed and iteratively improved 10+ graduate online courses using learner feedback and user testing, raising student satisfaction by 20% and assignment completion by 15%.
- Conducted needs analyses with faculty and academic leaders to align program design with institutional goals and learner needs.
- Built and tested prototypes with instructional designers, technologists and subject-matter experts to streamline course deployment.

Academic and Senior Career Consultant, EduCoach Services, New Delhi, India Mar '18 – Apr '19

Career-counseling start-up supporting students' college and career choices.

- Delivered 200+ in-person and virtual career-readiness sessions for high school and university students, designed with backward design.

Assistant Manager, Product Development, Inverted Prism, New Delhi, India Mar '17 – Feb '18

Start-up offering career exploration for school students through educational travel programs.

- Designed and launched international career-exploration programs for 20+ schools, reaching 1,100+ students through experiential learning.
- Created a sales-enablement training plan using ADDIE that supported 15% business growth, with 90% of sales staff meeting targets by Q2.

Program Manager, Alohomora, New Delhi, India Jul '16 – Feb '17

Nonprofit building 21st-century and leadership skills among students from low-income communities.

- Piloted a digital literacy program from concept to delivery, equipping 300+ ESL students with leadership and career-readiness skills.

- Ran the program on a train-the-trainer model: taught 100+ high school students and trained 10+ teachers through mentor workshops and hands-on iPad sessions; the teachers then taught 100–150 middle schoolers to apply digital skills to a local community problem.
- Set up stakeholder and vendor management processes, including communication plans, steering committees and data collection and reporting.

Fellow, Teach for India, Chennai, India

May '14 – Apr '16

Nonprofit placing graduates as full-time teachers in low-income schools to address educational inequity.

- Designed and taught integrated lessons for ESL learners, achieving 1.5 years of growth in reading comprehension.

FREELANCE AND CONTRACT PROJECTS

- **Jackrabbit LX:** Designed and launched a certification program for mid-career professionals using the ARCS motivation model, combining role-based skill training with personalized coaching; 75% of participants advanced their careers through promotions or new jobs.
- **The Opportunity Network:** Designed and launched a design-thinking certification program for first-generation high school and first-year college students.

EDUCATION

Master of Business Administration (in progress), Southern Methodist University, Dallas, TX

Jan '26 – Present

Master of Education (Ed.M.), Learning and Teaching, Harvard Graduate School of Education, MA

Sep '19 – May '20

Bachelor of Commerce, Accounting and Finance, Stella Maris College, Chennai, India

Jun '10 – Apr '13

SKILLS AND CERTIFICATIONS

- **Learning and UX design:** ADDIE, SAM, backward design, ARCS, design thinking, UI/UX design, needs analysis, user testing, Kirkpatrick evaluation
- **Google UX Design (Coursera):** Completed 5 courses in UX foundations, design process, wireframing and low-fidelity prototyping, UX research and testing, high-fidelity prototyping in Figma
- **Quality Matters:** Peer Reviewer; Applying the QM Rubric; Facilitator for Improving Your Online Course and Designing Your Online Course
- **Accessibility:** ADA and WCAG compliance, inclusive design
- **Authoring and media:** Articulate 360 (Rise, Storyline), Figma, Adobe Captivate, Camtasia, Vyond, H5P, SCORM, xAPI
- **Learning platforms:** Canvas, Docebo, Cornerstone, Litmos, Blackboard, Google Classroom
- **Data and evaluation:** Qualtrics, Tableau, learning analytics
- **AI tools:** Claude, ChatGPT and custom GPTs, Cursor, Codex, Streamlit, NotebookLM, Synthesia, ElevenLabs
- **Languages:** English, Hindi, Tamil, Marwari; French and Spanish (professional working proficiency, Duolingo Scores 121 and 120)
